CALL FOR PAPERS

International Conference on Applied Artificial Intelligence for Interdisciplinary Applications

About the Conference

The International Conference on Applied Artificial Intelligence for Interdisciplinary Applications (ICAAIIA 2026) aims to provide an international forum for researchers, academics, industry professionals, and practitioners to present original research, exchange ideas, and discuss recent advances in Artificial Intelligence and its interdisciplinary applications.

The conference seeks to foster collaboration between academia and industry by promoting AI-driven solutions to real-world challenges across multiple disciplines.

Topics of Interest

Authors are invited to submit original research papers related to, but not limited to, the following topics:

- Machine Learning and Deep Learning Applications
- Artificial Intelligence in Finance, Healthcare, Education, and Engineering
- Data Science and Predictive Analytics
- Intelligent Decision Support Systems
- Interdisciplinary AI-Driven Solutions

Paper Submission

Authors are invited to submit original and unpublished research papers that are not under consideration for publication elsewhere.

All submissions must be written in English and will undergo a rigorous **double-blind peer-review** process conducted by independent experts.

Papers will be evaluated based on:

- Originality
- Technical Quality
- Scientific Contribution
- Clarity of Presentation
- Relevance to the Conference Theme

Publication

Accepted papers will be published in the conference proceedings.

The conference organizers have submitted a collaboration request to the **International Journal of Computer Applications (IJCA).** Publication of the conference proceedings and/or selected papers is subject to approval by the IJCA Advisory Board.
